🌟 Purpose of the Fretio

The purpose of Fretio is to create a convenient platform for hostel residents to rent, buy, or sell essential goods among their fellow hostellers.

🧩 Problem Statement — Fretio

In hostel environments, access to external services is often limited, especially during late hours.

Fretio aims to solve this problem by providing a peer-to-peer marketplace where students can quickly find items like medicines, snacks, stationery, or everyday essentials from within their hostel community.

This platform not only makes urgent item access easier but also allows students to sell or rent out extra items, creating a win-win situation for both buyers and sellers.

Fretio will enhance the sense of community, promote resource sharing, and offer a practical solution to the common challenges faced by hostellers.
